Full-stack web developer skilled in JavaScript and SQL. Experienced in developing responsive, user-focused web applications with strong problem-solving skills and attention to detail.

EDUCATION

Farmingdale State College, Farmingdale, NY

Bachelor of Science in Computer Programming & Information Systems

GPA: 3.83

PROFESSIONAL EXPERIENCE

Technologist (Part-Time) | *Aug 2025 — Present*

Kelm Media Group, Farmingdale, NY

- Develop responsive, user-friendly websites using HTML, CSS, JavaScript, and Bootstrap
- Enhance user experience through layout improvements and accessibility considerations
- Implement database-driven features using MySQL, MongoDB, and PHP
- Troubleshoot and resolve website issues to ensure functionality and accessibility
- Communicate with project leads to discuss feature progress and deliverables

Technologist Intern | *Jun 2024 — Dec 2024*

Kelm Media Group, Farmingdale, NY

- Collaborated with team members to design and develop five websites
- Built user-friendly web pages using HTML, CSS, JavaScript, and Bootstrap
- Implemented database-driven features using MySQL and PHP
- Communicated regularly with colleagues to discuss project and feature progress

PROJECTS

Developer Portfolio — Personal Project | *Oct 2025 — Jan 2026*

- Worked on developing a portfolio website that helps market my skills as a full-stack web developer
- Implemented a Vite/React frontend, including TailwindCSS and Material UI for interface design
- Used MongoDB to store data on projects and skills
- Performed seamless data retrieval through TanStack Query and an Express.js RESTful API
- Implemented a contact form using Gmail, Nodemailer, and Althcha
